

Dear Sir/Madam:

I enjoy great benefits from listening to XM Satellite Radio and its traffic and weather channels.

XM and other Satellite radio provides variety and quality that are not available elsewhere; especially given the current radio station ownership concentration in the US.

I gladly pay for these services and I believe that the National Association of Broadcasters SHOULD NOT dictate what I am permitted to hear on Satellite radio.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Thank you,

Frank McPartland
